Remarks

The March 30, 2007 Notification of Missing Requirements, a copy of which is attached hereto as **Exhibit A**, indicates that the oath or declaration is not executed in accordance with 37 C.F.R. §1.66 and §1.68. In response, applicants submit as **Exhibit B** a signed Declaration and Power of Attorney pursuant to 37 C.F.R. §1.497. In compliance with 37 C.F.R. §1.497(a) and (b), the Declaration refers to the application's above-identified serial number, international application number and international filing date.

The March 30, 2007 Notification also indicates that the subject application fails to comply with the requirements of 37 C.F.R. §1.821(e) and that applicants must provide an initial computer readable form of the Sequence Listing and a statement indicating that the content of the computer readable form of the Sequence Listing is identical to the content of the paper copy of the Sequence Listing as filed and contains no new matter.

Rather than file a computer readable form of the initial Sequence Listing, applicants, in accordance with 37 C.F.R. §1.825, have, by this amendment, replaced the initial paper copy of the Sequence Listing with a Substitute Sequence Listing. The Substitute Sequence Listing differs from the Sequence Listing initially filed in the following respect:

1. numeric identifier <110> identifies Peter David East and Susan Elizabeth Brown as the applicants;

2. numeric identifiers <140> and <141> identify the application number as 10/590,539 and the application filing date as February 23, 2005, respectively; and

3. numeric identifier <150> and <151> identify the priority applications numbers and priority dates as PCT/AU05/00234, filed February 23, 2005 and Australian Patent Application No. 2004900938, filed February 24, 2004, respectively.

The preceding differences do not constitute new matter but merely add missing date.

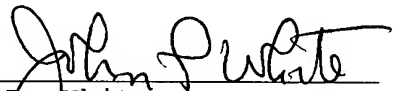

A paper copy of the Substitute Sequence Listing is attached hereto as **Exhibit C**. We also enclose a diskette containing a computer readable form of the Substitute Sequence Listing in compliance with 37 C.F.R. §1.821(e). In addition, applicants submit as **Exhibit D** a Statement In Accordance With 37 C.F.R. §1.821(f) certifying that the contents of both the computer readable form and the paper copy of the Substitute Sequence Listing are the same, and that the Substitute Sequence Listing does not introduce new matter.

If a telephone interview would be of assistance in advancing prosecution of the subject application, applicant's undersigned attorney invites the Examiner to telephone him at the number provided below.
